

WWP 45

With an hourly pump capacity of up to 45 m³ of water, the WWP 45 waste water pump impresses with a powerful petrol engine in applications where there is no external power supply.

1 Developed for tough applications

- A robust tubular steel frame reliably protects the machine against damage.
- Also easily processes coarse particles up to a size of 30 millimetres.

2 Very powerful

- Uninterrupted pumping of up to 100 m
- For the quick pumping of very large water volumes (750 l/min or 45 m³/h).

3 Wide range of application

- Fast loading of HD/HDS trailers or IB containers.
- Can be used for pumping out excavation pits, underground car parks or underpasses.

4 Ease of use

- Powerful EU STAGE V petrol engines with pull start and manual choke.
- High mobility and simple transport thanks to compact size and low weight.

WWP 45

- Recoil start with manual choke
- Compact dimensions and low weight
- Robust cage frame

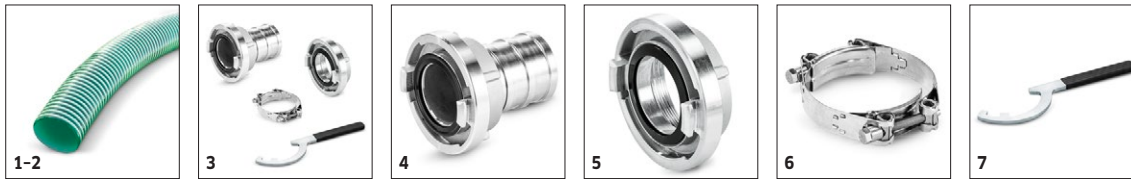

Technical data

Flow rate	m ³ /h	<= 45
Max. suction height	m	7
Max. delivery head	m	25
Max. particle size	mm	max. 30
Drive type		Petrol
Cubic capacity	cm ³	196
Engine rating	kW / hp	5.1 / 6.9
Tank capacity	l	3.6
Dimensions (L x W x H)	mm	629 × 425 × 445
Weight	kg	35.7 / 36.8 / 40.8

Equipment

Manual choke		■
Oil dipstick		■
Suction basket		■
Hose clamp	piece(s)	3
Hose coupling	piece(s)	2

■ Included in the scope of supply.

		Order no.					Price	Description	
Machine accessories									
Suction hose	1	2.645-340.0						5 m long suction hose for use with our WWP 45 waste water pump. The existing suction basket (coarse filter) can be connected.	<input type="checkbox"/>
Drain hose	2	2.645-341.0						10 m long suction hose for draining the dirty water. Suitable for use with our WWP 45 waste water pump.	<input type="checkbox"/>
Add-on kit Premium accessories	3	2.852-735.0						For the simple and professional connection of hoses to our WWP 45 waste water pump: the premium accessories package with hose connectors, hinge bolt clamps and hose coupling wrench.	<input type="checkbox"/>
Storz hose connector B + hose barb (hose side)	4	6.395-194.0						Storz hose connector with hose barb on hose side for quick attachment of hoses to the waste water pump WWP 45 from Kärcher. Connector is included in the Premium accessories package.	<input type="checkbox"/>
Storz hose connector B (pump side)	5	6.395-197.0						Storz hose connector on pump side for the quick and safe attachment of hoses to our waste water pump WWP 45. Available as standard in the Premium accessories package.	<input type="checkbox"/>
Heavy-duty clamp	6	6.667-903.0						Heavy-duty clamp for simple fixing of hoses to our waste water pump WWP 45 with Storz hose connectors. Included as standard in the Premium accessories package.	<input type="checkbox"/>
Hose coupling wrench	7	6.815-136.0						Hose wrench coupling for fixing Storz hose connectors to our waste water pump WWP 45. The hose coupling wrench is included as standard in the Premium accessories package.	<input type="checkbox"/>
