

TX 20 x 25 mm - 25 pcs | Screwdriving bits TX

- The ribs are cold formed to exact specification ensuring reduced wear from slippage. The tip is subjected to a special hardening process with temperatures up to 870°C.
- The outcome is a bit with a hardness of 60 HRC. This extra hard tip ensures extra long life under constant use.
- The body is manufactured from the highest quality S2 european steel.
- The sign of "Quality". All bits are laser marked with the Milwaukee® logo and tip reception for easy identification.
