

DCWU 125 | Combi-segment diamond cup wheels

- All rounder in applications:
- For quick grinding down of thick concrete layers.
- For levelling of concrete, granite and natural stone surfaces.
- For edge grinding applications e.g. grinding off high edges of concrete, granite, natural stone tiles.
- For roughening prior to covering with a new layer of coating.
- High quality diamonds and special soft bonding for low wear, especially in hard materials.
- Large openings for better dust removal and segment cooling.

DCWU 125	
Aerated and breeze concrete blocks
