

TOP PRODUCT

ROCUT TC 42 Professional

Blade with V-shape for easy and precise cutting

Structural unit of shaft and blade

Precise pressure transfer and guided cutter feed

Release lever

Automatic, controlled opening of the blade at the push of a button

Rubberised handle

Secure grip

Rust-free steel blade with V-shape

Pinpoint precision without deformation

Lockable lever

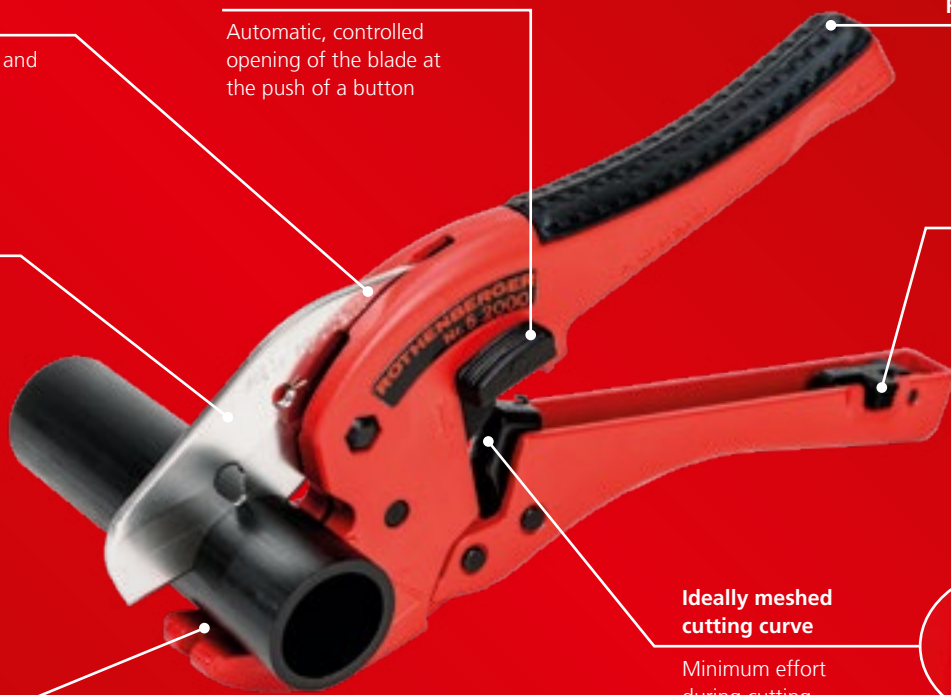

Shear arms lockable in transport position

Wide pipe support

Precise right-angled cuts

Ideally meshed cutting curve

Minimum effort during cutting

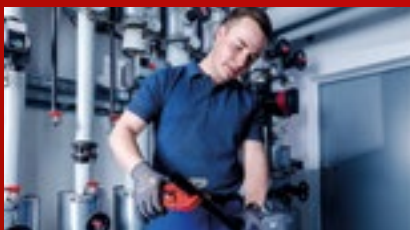

The V-contour of the blade allows a perfect cut of the pipe for a straight cut without deformation

Ideally meshed cutting curve for minimized cutting effort

Shear arms are safely locked during transportation

Technical data

Working range	0–42 mm (0–1.5/8")
Suitable for	PP, PE, PEX, PB, PVC, PVDF and MLP
Product weight	447 g

No. 52000

No. 100003011

No. 52010

No. 70031, 70033

No. 55050

No. 52042

No. 11006
