

Rcbo disc | 16A 30mA 250V

DATASHEET | JUNCTION BOX RCBO TSAFE

Combination of a Residual Current Breaker with Over-Current protection (RCBO) and a junction box raiser ring.

TECHNICAL SPECIFICATIONS

Name:	RCBO and junction box adjusting ring combination
Type:	Junction Box RCBO Tsafe
Description:	The RCBO is mounted on the ceiling junction box. A cover plate or a luminaire outlet can be attached to the RCBO. Built in 16A/250VAC residual current and overcurrent circuit breaker.
Packaging:	1/50
Unit:	Pcs

INSTALLATION

Voltage rating:	250VAC / 50Hz
Current rating:	16A
Terminals:	For max 2,5mm ² single or multi stranded conductor
Residual current protection:	1P+N A-type 30mA 4,5kA
Overcurrent protection:	1P+N 16A C-type 4,5kA
IP rating:	IP20 (when Installed as instructed)
Ambient temperature:	Residual current circuit breaker is validated for temperatures -25...+30°
Max RH:	95%
Installation:	On top of junction box, fixing with 2 screws
Colour:	White
