

The diagram illustrates the electrical connections for the 12VDC power supply. It starts with a power source labeled 'SMD1000W' connected to a switch labeled 'PRL SEC.' and a fuse labeled 'ORG ORG'. The power is then distributed to four 12VDC lamps (H040D12VAPV) and a 12VDC fan (H040D12VAPV). The wiring is color-coded: RED for the main power line, VLT for the lamp power line, and RED for the fan power line.
