

# Celino TWS680

## TWS680 1xTL5-24W/830 HFP PC-MLO ALU

CELINO - 1 pc - TL5 - 24 W - 830 warm white - HF Performer - Polycarbonate micro lens optic - Aluminum

Celino is a complete luminaire range that reflects the market trend towards miniaturization and architectural integration, while at the same time delivering a significant advance in optical performance. Celino features Philips' aluminum micro optic with 3D lamellae, which ensures optimum visual comfort and efficiency in compliance with the latest office-lighting norm (EN 12464-1). Made of natural anodized aluminum, the housing of Celino is a mere 71 mm wide and has die-cast-aluminum end caps. The design allows multiple luminaires to be connected in a line arrangement. Celino is available as a full range – suspended, surface-mounted, free-standing and wall-mounted – for maximum freedom in application.

### Product data

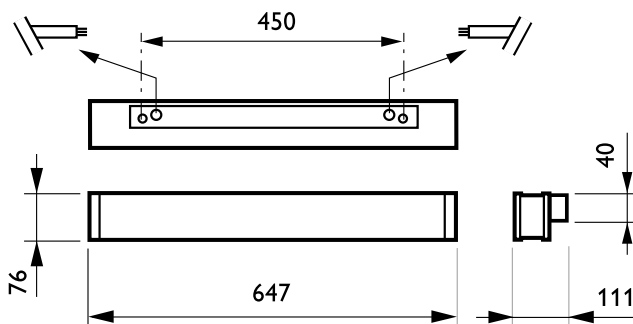

| General Information           |                                  | Product family code           | TWS680 [ CELINO]                    |
|-------------------------------|----------------------------------|-------------------------------|-------------------------------------|
| Number of light sources       | 1 pc                             | Light Technical               |                                     |
