

1060LM 25000H

Lamp range for basic use – cool white

Airam's PRO LED 4000 K series includes all the most common bulb types, allowing it to cover all basic needs for light sources. The lamps are in energy class A+ and have a long service life. The lamps are packed in cardboard boxes that clearly indicate the key technical specifications. Special characteristics for the lamps in this series include an extremely long operating life (25,000 h) and a high number of switch-on cycles (500,000). The colour temperature is cool white (4000 K).

Opal classic LED lamp 10.5W 4000K E27 1060lm 25000h 60x110mm, cardboard packing. Supply frequency ~50/60Hz.

Mounting

Structure

Energy efficiency class	A+
-------------------------	----

Dimming and control

With remote control	No
Remote operation possible	No

Photometric data

Colour temperature (min) (K)	4000
Luminous flux (min) (lm)	1060
Colour rendering index CRI	80-89
Radiation angle (°)	220
Colour of light acc. EN 12464-1	Neutral 3300-5300 K
Colour temperature (max) (K)	4000
Luminous flux (max) (lm)	1060
Colour consistency (McAdam ellipse)	SDCM5
Photobiological safety according to EN 62471	RG0

Lifetime and capacity

Measurements

Length (mm)	110
Diameter (mm)	60

Electrotechnical data

Voltage type	AC
Nominal voltage (min) (V)	220
Nominal current (min) (mA)	99
Nominal voltage (max) (V)	240
Nominal current (max) (mA)	99
Power factor	0.5
Energy Efficiency Index (EEI)	0.128
