

## AUTOMATIC TENSION JOINTS

### TECHNICAL DATA

Type	Conductors mm <sup>2</sup>	Conductor diameters without insulation mm	Colour code	Weight g	Package pcs
CIL 6	Insulated conductor 35 - 50 mm <sup>2</sup>	5.8 – 8.4	red	180	1
CIL 7	Insulated conductor 70 - 95 mm <sup>2</sup>	9.34 – 11.7	grey	350	1
CIL 8	Insulated conductor 120-150 mm <sup>2</sup>	11.7 – 14.6	pink	840	1

The automatic joints are reliable and fast to make. The installation can be made without tools. The colour codes make it easy to identify right size. The wedges ensure a safe joint. Insulation sleeves included.
