

EARTHING CONNECTOR SET SE 15

TECHNICAL DATA	Type	SE 15
	For conductors	Fe or Al 16-120 mm ² Cu 6 - 35 mm ²
	Bolts	2 x M8
	Test voltage	
	Weight	370 g
	Tightening torque	20 Nm

USE Used for connection of an earthing conductor. Connector support PSS 116 ensures that there is sufficient clearance between the pole surface and the connector so that any pole impregnation does not impair the connection.

CONSTRUCTION

Component	Material
Earthing connector SM 2.24	Corrosion resistant aluminium alloy
Earthing connector support PSS 116	
Screws	Hot-dip galvanised steel, strength class 8.8

TOOLS REQUIRED

Articulated spanner ST 20

MARKINGS SM 2.24
Al 16 - 120 mm²
Cu 6- 35 mm²

STANDARD SFS 2663, Certificate FI 148913-01

PACKING 25 pcs in a cardboard box
