Building dehumidifier

Drying damp buildings can be both expensive and time consuming. An El-Björn model A 125BT is an effective solution to moisture problems. Suitable for spaces up to 425 m³

Product arguments

- Condensing dehumidification is a energy-saving method to dehumidify as most energy is returned as heat
- The design is tried and tested and extremely reliable
- Easy to maintain
- Hot gas defrosting for high dehumidification capacity even at low temperature ranges
- Flanged evaporator
- The water is led away using a hose by the connection

Article No.: E8745012

Type: A 125BT

Certifications:

Technical Data, A 125BT

Incoming Min fuse 10 A

Voltage 50Hz, 230 V

Output 1560 W

Refrigerant Amount / Type 600g/R407c

Air flow 850 m³/h

Capacity at 26 °C 70%RH 55 l/24h

Working range Temp. +8 - +35 °C

Weight 49 kg

Dimensions H x W x D (mm) 980x630x530 mm

Protection class IP44
