In accordance with the requirements laid down in REACH Directive 1907/2006/EC, we confirm that none of the items we supply contain SVHCs in concentrations greater than 0.1% (w/w).

The exception to this is that in those items containing brass, lead is present in concentration above 0.1% (w/w) in the types of brass alloy used. The inclusion of lead in the Candidate list does not require changes to the safe use of Purmo Group products.
